

Mandatory Theory Test for Riders of E-scooters and Power-Assisted Bicycles

The theory test familiarises riders of e-scooters and PABs with active mobility rules, code of conduct and safe riding practices.

Holders of driving licences are not exempted from taking the theory test as driving licences do not cover rules on paths, and navigating the roads as a PAB rider differs from a motorist.

From 1 January 2022, PAB and e-scooter riders will have to pass their respective mandatory theory test before they are able to ride on cycling paths and on roads (for PABs). We encourage riders to register and obtain the test certificates as soon as possible.

E-handbook

To help riders prepare for the test, the e-handbooks are available for download.

E-scooter Handbook	PAB Handbook
English (PDF, 6.7MB)	English (PDF, 9.0MB)
Chinese (PDF, 7.4MB)	Chinese (PDF, 9.0MB)
Malay (PDF, 6.3MB)	Malay (PDF, 8.8MB)
Tamil (PDF, 6.6MB)	Tamil (PDF, 9.3MB)

Theory Test Format

There will be separate tests for e-scooter and PAB riders. These tests are available in four languages (English, Chinese, Malay and Tamil). The tests will be conducted online and comprise multiple-choice questions (MCQ) only. Riders may try out the [sample test questions \(PDF, 32kB\)](#).

More details of the tests format can be found below:

	E-scooter Theory Test	PAB Theory Test
Total number of MCQs	30	40
Number of MCQs needed to be answered correctly to pass (i.e. 80%)	24	32
Test duration	30 minutes	40 minutes

Theory Test Fees

- a. The discounted fee period has been extended till 31 December 2021. Those who register for the test from 30 June to 31 December 2021 will enjoy a discounted fee of \$5.35 (including GST) per test, with a free reattempt should they fail in their first try.
- b. Riders who register to take the theory test from 1 January 2022 will pay \$10.70 (including GST) per test attempt.

You may refer to [the guide \(PDF, 1.8MB\)](#) on the registration and test taking process.

Free MTT Preparatory Workshop

The National Delivery Champions Association (NDCA) is conducting free workshops to coach delivery riders in preparation for the Mandatory Theory Test (Power-Assisted Bicycles/E-bikes only). Please refer to the [poster \(PDF, 0.3MB\)](#) for more information.

Complete this [form](#) to register your interest for the workshop.
