

ABOUT SINGTEL MWALLET

Singtel mWallet is the only digital wallet in Singapore to offer retail, recharge and remittance payment services on mobile devices. Users can perform contactless transactions with the ez-link purse on a Singtel NFC SIM, top up local and international mobile prepaid cards, send money to loved ones and friends overseas and enjoy coupon deals on the go. The app is available for free on Google Play™ and iOS App StoreSM. The SmartBand can be paired with any smartphone installed with Android™ version 4.4 and above for participants to check their stored value balance and transactions, including models without NFC support.
