

SGBA Bus Technical Specialist Certification Centre

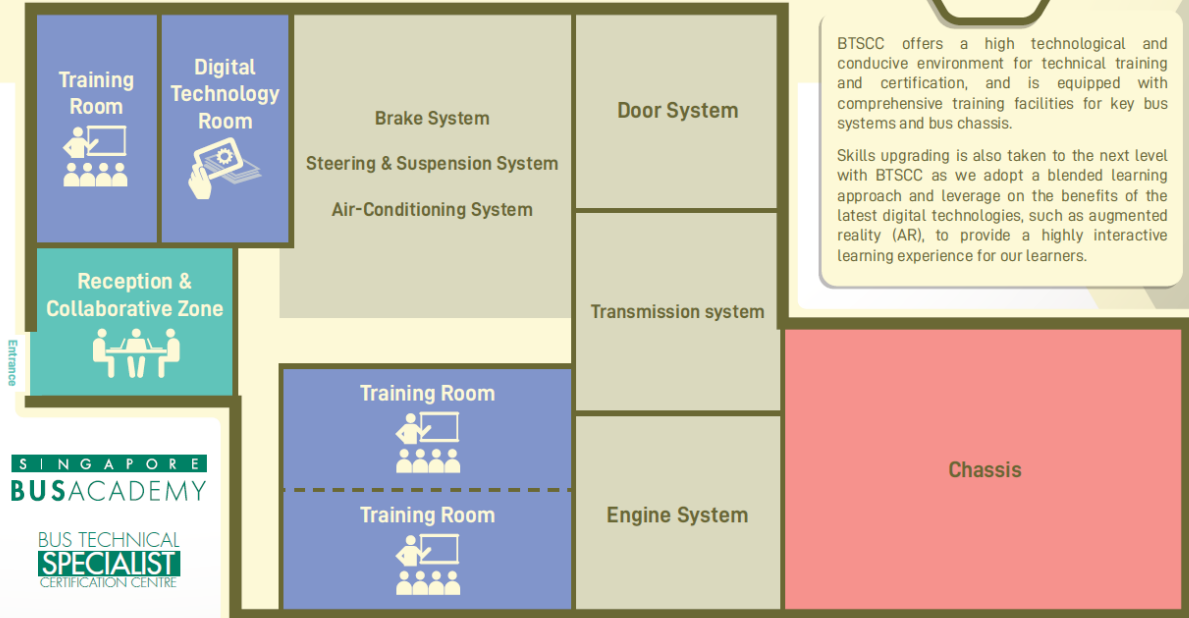

About BTSCC

Officially launched on 28 August 2018 by Dr Janil Puthucheary, Senior Minister of State, Ministry of Transport & Ministry of Communications and Information, the SGBA Bus Technical Specialist Certification Centre, spanning 620sqm, is located at the Ulu Pandan Bus Depot.

FACILITIES in BTSCC

BTSCC offers a high technological and conducive environment for technical training and certification, and is equipped with comprehensive training facilities for key bus systems and bus chassis.

Skills upgrading is also taken to the next level with BTSCC as we adopt a blended learning approach and leverage on the benefits of the latest digital technologies, such as augmented reality (AR), to provide a highly interactive learning experience for our learners.
