

## Expansion of KPE / TPE Interchange

The first phase of the interchange expansion involved the construction of roads, three vehicular bridges crossing Sungei Serangoon and Sungei Blukar, a flyover across TPE and other associated ramps and drainage works.

The second phase involved the construction of one vehicular bridge crossing Sungei Serangoon, one flyover each across KPE and TPE, a road extension from Lorong Halus to Pasir Ris Industrial Drive 1, and associated ramps and drainage works.
